Dedication, Beautifully Defined.

Norris Plastic Surgery was formed in 2007 with the goal of providing an exceptional and trustworthy patient experience through exemplary service.

We focus on your objectives and customize a unique experience to satisfy your goals. We emphasize approaches that are evidence based, safe and effective. Norris Plastic Surgery is dedicated to giving you results that meet or even exceed your expectations, beautifully defined.

We Start by Listening.

At Norris Plastic Surgery, our team is comprised of experienced professionals committed to you, your goals, and your complete satisfaction. We facilitate your experience from initial consultation, through recovery and beyond.

We have the latest technology at our disposal, but our best tools are still our ears. We listen to you and want to hear about your goals for your appearance and anticipated experience with plastic surgery.

Dr. Norris discusses treatment options and answers any questions you have. A customized treatment plan is then developed, based on Dr. Norris’ observations as well as your goals and expectations. In short, we guide you through the entire process, making sure you feel comfortable and confident, every step of the way.
Confidence, Beautifully Defined.

Presented is a brief overview of the aesthetic services provided at Norris Plastic Surgery. The procedures are categorized by the major areas of the body. Many of these procedures are performed in our office-based AAAASF* Certified Ambulatory Surgery Center. Additional information can be found on our website at www.npshouston.com.

*AAAASF (American Association for Accreditation of Ambulatory Surgery Facilities)
An Artist’s Eye. A Surgeon’s Touch

Patient satisfaction through the consistent delivery of natural looking results is the goal at Norris Plastic Surgery. Dr. Norris brings to every case, an eye for artistic detail, combined with an unwavering focus on safety and the patient’s primary desires. “Attentive, respectful, highly skilled, sincere” are words used by patients to describe Dr. Norris — words that reflect the overall philosophy of his practice.

Qualified and Experienced

Dr. Norris is a triple board certified plastic surgeon, who after years of extensive surgical training, passed the certification examinations of the American Board of Plastic Surgery, the American Board of Oral and Maxillofacial Surgery, and Subspecialty Certificate in Surgery of the Hand (SOTH).

Dr. Norris’ post graduate medical education includes training in General Surgery (Medical College of Virginia), Oral and Maxillofacial Surgery (New York-Presbyterian Hospital/Weill Cornell Medical Center), Cosmetic and Reconstructive Plastic Surgery (State University of New York), as well as Hand and Microsurgery (Baylor College of Medicine, Houston, TX.). His knowledge base, range, and versatility have been further enhanced over the years through practice in the US Navy, several overseas humanitarian missions, and 5 years as Assistant Professor of Plastic Surgery at Baylor College of Medicine.

Dr. Norris stays abreast of current developments in the rapidly changing field of plastic surgery by regularly attending educational conferences and seminars. He is a contributor to the specialty through publications in peer-reviewed plastic surgery journals, the training of plastic surgery residents in the operating room, and lecturing engagements at plastic surgery conferences.

Scheduling a Consultation

To schedule a visit with Dr. Norris, please call us at 713-383-6400. You may also schedule through e-mail at drnorris@npshouston.com or by using the “Contact Us” form at www.npshouston.com.

Our team is happy to assist you and will make every effort to accommodate your schedule.

Hours of Operation

Monday - Friday
9 am to 5 pm

We do offer appointment times outside of our normal business hours if special circumstances require it.

Financing the New You.

We accept several different forms of payment for your convenience (cash, cashier checks, most major credit cards, and CareCredit®).

CareCredit® is North America’s leading patient payment program that works just like a credit card, but is exclusive for healthcare services.
Closing Tips

*To better insure an uneventful recovery, here are a few suggestions you will find helpful.*

**Pre-Operative**

1. Maintain normal, healthy eating habits.
2. DO NOT take new food or medicines to ‘enhance’ healing
3. Avoid tobacco products, alcohol, and aspirin for 2 weeks before surgery.
4. Fill your prescription before surgery.
5. Wash your hair, face, and body with antimicrobial soap (HIBICLENS®) the night before and the morning of surgery.
6. Thoroughly read any pre-operative information given to you by Dr. Norris and his staff, particularly as it pertains to medications and herbal supplements to be avoided prior to surgery.

**Post-Operative**

1. Follow the post-operative instructions given to you by Dr. Norris and his staff.
2. Rest, even if you feel you can be more active.
3. Drink plenty of fluids.
4. Resume activity slowly, your tissues need about 6 weeks to heal and strengthen.
5. Take your pain medication as directed especially for the first 2-3 days to stay ahead of discomfort.
6. Stay in touch with our office during your healing process. Do not hesitate to call the office regarding any unexpected developments.
